# EXHORTATIONS

The Black Student Alliance was founded 25 years ago for the purpose of articulating the needs and concerns of Black Students at The University of Virginia. One of our missions is to make a welcoming environment for all of our people. When changes are in order, we work towards change. When an issue arrives, we address it. We are the voice for each and every Black student here at The University. We are your home away from home- your family.

Located on the Fourth floor of Newcomb Hall, the Black Student Alliance office is a place for you to come, you to use, and for you to help operate. This year, the BSA will function as a service organization. We provide services to our students as well as to the surrounding communities. Most importantly, we promote sister and brother hood amongst the masses.

We encourage you all to become a part of our family. Keep a look out for upcoming events and body meetings.

Peace love and greetings,  
Tracee R. Frazier  
Chair, Black Student Alliance
