February 11, 1977

Ms. Rhonda Simpson, Chairperson  
Black Student Alliance  
Newcomb Hall, 4th Floor  
University of Virginia

Dear Ms. Simpson:

As you know, the Society of Artemis was established to promote interracial relations in the University community. As the Black Student Alliance has planned and implemented Black Culture Week, we have benefitted, as students, from its occurrence.

We wish to commemorate Black Culture Week 1977 with a small token of recognition for the BSA's enthusiastic and productive efforts. We feel that this token should be as lasting as possible and, simultaneously, of great benefit to black students at this university. For this reason, we wish to present to the Black Student Alliance a three-year subscription to "Black Collegian," a magazine for and about black college students, in commemorating Black Culture Week 1977.

Congratulations on such successful efforts!!!

Sincerely,

The Society of Artemis

/bbk

P.S. A special congratulations to Ms. Renee Cardwell and her committee.
